December 16, 1998.

Take notice that on December 3, 1998, Wyoming Interstate Company, Ltd. (WIC), Post Office Box 1087, Colorado Springs, Colorado 80944, filed in Docket No. CP99-102-000, an application pursuant to Section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's Regulations, for a certificate of public convenience and necessity authorizing WIC to construct and operate the proposed Medicine Bow Lateral, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, WIC states that the Medicine Bow Lateral will consist of 143 miles of 24-inch diameter pipeline extending from two proposed interconnects with non-jurisdictional facilities in Converse County, Wyoming to an interconnect with WIC's existing mainline approximately seven and one half miles west of the existing Cheyenne Compressor Station in Weld County, Colorado. WIC states that the Medicine Bow Lateral will allow for the firm transportation of up to 260,000 dth per day of new gas supplies from the Powder River Basin to WIC's mainline. WIC estimates that the proposed facilities will cost \$80,429,200.

All protests filed with the

Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. The Commission's rules require that protestors provide copies of their protests to the party or person to whom the protests are directed. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

A person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents issued by the Commission, filed by the applicant, or filed by all other intervenors. However, an intervenor must serve copies of comments or any other filing it makes with the Commission to every other intervenor in the proceeding, as well as filing an original and 14 copies with the Commission.

Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by other parties or issued by the Commission, and will not have the right to seek rehearing or appeal the Commission's final order to a Federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by Sections 7 and 15 of the NGA and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the

certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for WIC to appear or be represented at the hearing.
